County Recorder Claudia Kaylor
By MS, Deputy

DOCUMENT NO. 281667

Statement of Evidence:

E3

This corner was originally established in April, 1876, by B.C. Baldwin, Deputy Surveyor. The field notes of that survey are filed in the office of the Secretary of State, St. Paul, Minnesota. Mr. Baldwin's notes state that a post was set to mark the corner and referenced by the following:

A 6" Aspen that bears N25°W a distance of 40 links [26.40 feet]
A 12" Norway Pine that bears S27°E a distance of 45 links [29.70 feet]

In 1900, A Map of survey by the Corps of Engineers shows that they found the corner.

On June 12, 1984, personnel from Advance Surveying & Engineering Co. made a thorough search for this corner and the above mentioned references but to no avail. However we do find an old fence line running to the South on South side of old Township Road. We also check feature call to the river.

On October 29, 1984, an additional search was made by Advance prior to reestablishing this corner position as obliterated using feature call to river, the fence line and old Township Road.
