DOCUMENT NO. 347759

**Statement of Evidence:** Reference Monument on West Line of Section 26,  
Township 139 North, Range 26 West, Roosevelt Lake

In 1863 the Original Public Land Survey was run and a wood post was set at the meander corner on the north side of Roosevelt Lake, 462.00 feet north of the Northwest Corner of Section 35 which falls in Roosevelt Lake. Distance was measured on the ice.

In 1946 plat "Part of Lot 7-S26-T139N-R26W" by Gus Holmstrom calls for iron pipes on the west line of Section 26. The plat shows an iron pipe at the Southwest Corner of Lot 9 and an iron monument on the west line 335.9 feet north of said Southwest Corner of Lot 9.

In 1950 plat "Luschers Bay" by Gus Holmstrom calls for iron pipes on the west line of Section 26. The plat shows a monument at the Southwest Corner of Lot 1, Block 1 which is the same location as the iron monument shown on the plat "Part of Lot 7-S26-T139N-R26W" being 335.9 feet north of said Southwest Corner of Lot 9.

In 1951 Mn/DOT location notes call for the same iron monuments on the west line of Section 26 as shown on the plat. "Part of Lot 7-S26-T139N-R26W."

In 1991 Mn/DOT recovered the following monuments on the west line of Section 26: an iron pipe at the meander corner on the south edge of Upper Roosevelt Lake, an iron pipe at the Southwest Corner of Lot 1, Block 1 plat of "Luschers Bay," an iron pipe at the Southwest Corner of Lot 9 plat of "Part of Lot 7-S26-T139N-R26W." These monuments all agree with the previous surveys. Mn/DOT accepts the iron pipe at the Southwest Corner of Lot 9 as a Reference Monument on the West line of said Section 26.

For details and survey analysis contact the Mn/DOT Surveys Office in Baxter, MN.
