County Recorder Clouline Kayton
By MS, Deputy

DOCUMENT NO. 279379

Statement of Evidence:

- 1926 U.S. General Land Office dependent resurvey established this corner and an iron pipe with a marked brass cap was set to mark the corner. The following bearing trees were marked: 5" Elm S 57½ W 33 links and 8" Ironwood N 66 W 31 links.
- 1963 U.S. Forest Service records show the following: S. Morrison found the brass cap monument.
- 1980 U.S. Forest Service technician G. Brama found the corner monumented with a GLO brass cap monument in good condition up 12". The following bearing trees were found: 11" Ironwood N 66 W 20.5'. No evidence found of the Elm. Three new bearing trees were marked and are shown on this certificate. Steel sign posts were set west and north of the corner.
- 1982 County Surveyor's Records in the Recorder's Office were checked and no resurvey information was found on this corner.
- 1982 Analysis of the above data indicates that the location of this Government corner has been perpetuated. I accepted the monument as marking the corner location as when set in 1926 by the GLO resurvey based on bearing tree evidence.
