County Recorder Clarence Kogler
By MS Deputy
DOCUMENT NO. 336118

Statement of Evidence:

East Quarter Corner

In 1870 the United States of America Government Land Office surveyed, established and set a post at the quarter corner position.

In March, 1909 County Surveyor John Curo found original bearing tree and reset quarter corner from this tree.

In January, 1991 Landecker & Associats, Inc. field crew does not find any evidence of the quarter corner position from the 1870 and 1909 surveys. On January 23, 1991 Landecker & Associates, Inc. field crew set a 1-1/2 inch iron to establish the quarter corner position by lost method on line and a split between the southeast corner and northeast corner of Section 32.
